Die Kreuzung/ Crossroads

You said you wanna go another way, that's OK,
You go yours and I, I go mine.

After some time we meet again at this crosspoint here,
tell me how was your way, and especially: How do you feel?

Do you want to go straight on?
Or do you need to get out of here anyhow!
Or have I lost something on my way
and I need to turn around, instead.

***"Brothers and Sisters you've got 5s to decide,
fife seconds to realize your purpose here on this planet".***
that was, what I was told, when I was a child.

***"5s to realize your purpose here on this planet,
5s to decide, whether you gonna be the solution or the problem here."***
5s Brothers and sisters, isn't such a long time.

So you say you wanna go another way, yeahhh
you go your way and I go mine instead.
And after some time we will meet again
at this crossroad here and tell me:
How does it feel to have only five seconds of time.
